Education

Bachelor of Technology in Computer Science Engineering, Monad University, Hapur

Expected 2027

CGPA: 8.8 (up to 6th Semester)

Relevant Coursework: Data Structures and Algorithms, Operating Systems, DBMS, Computer Networks, Object-Oriented Programming, Web Development

Intermediate (Class 12), Anjuman Vidyalaya

2023

Percentage: 75%

Skills

Programming Languages: JavaScript, C++, Python

Web Technologies: HTML, CSS, Tailwind CSS, ReactJS, Node.js, Express.js, Bootstrap, Next.js, Typescript

Database: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Postman, Netlify, Vercel, WordPress, Shopify

Soft Skills: Problem Solving, Communication, Teamwork, Adaptability

Experience

MERN Developer Intern (InAmigos Foundation)

2026

- Worked as a Frontend Developer Intern at InAmigos Foundation on MERN stack-based projects.
- Developed responsive web interfaces and integrated REST APIs, authentication, and database functionalities.
- Collaborated on feature implementation using React.js, Node.js, Express.js, and MongoDB.

Projects

GitHub

JacMov – Movie Ticket Booking Application Link: JacMov Admin: Admin Panel Github

- Developed a full-stack movie ticket booking application using the MERN stack with a responsive UI.
- Integrated the TMDB API, Clerk authentication, Stripe payment gateway, and RESTful backend APIs.
- Designed the interface using Tailwind CSS and deployed the application on Vercel.

ZorryFash – Clothing Brand Link: ZorryFash Admin: Admin Panel Github

- Developed a full-stack e-commerce web application with authentication, product management, and shopping cart features.
- Implemented secure order processing and built a responsive UI using modern JavaScript technologies.
- Built the backend using Node.js, Express.js, and MongoDB for efficient data management.

TokTour – Travel & Tour Booking Platform Link: TokTour Github

- Developed a full-stack travel booking web application for exploring destinations and booking tour packages.
- Implemented authentication, dynamic listings, and a responsive user interface for better user experience.
- Built the application using the MERN stack with RESTful APIs and deployed it on Vercel.

Certification & Achievements

- Full Stack Development – Apna College
- Data Structures and Algorithms – Apna College
- SGU Hackathon 2.0
- SGT University Startup Bootcamp
